CASINO WAR®

Casino War® is the fastest, simplest table game to learn and play, and is the only game where players can beat the dealer more than 50% of the time. Casino War also offers the optional Tie wager.

TO PLAY AGAINST THE DEALER

Make a bet in the marked area. You and the dealer will each receive a card face up. If your card is higher than the dealer's, you win even money. If your card is lower, you lose. (Ace is high)

GOING TO WAR

Regarding the primary wager, the player has a choice:

(i) Surrender half his primary wager.

(ii) Go to war. If the player goes to war, the player and the dealer must match the original wager, leaving three units in action. Example: If the player had bet $5, he and the dealer would each post another $5, for a total of $15.

(iii) The dealer then burns three cards and gives the player the next one, face-up. The dealer burns three more cards and gives himself the next one, face-up.

(A) If the player beats the dealer, he wins the three-units available.

(B) If the player ties the dealer, he not only wins the three-units available, but he wins an additional unit.

(C) If the dealer beats the player, the house wins the three units available.

TIE BET

Make a wager on the Tie bet and if your card matches the dealer's card, you win 10 to 1.
